

MECHANICS WANTED.

GIVE YOUR CAREER A LIFT

TOYOTA MATERIAL HANDLING AUSTRALIA ARE LOOKING TO ATTRACT **WHO ARE COMMITTED TO TEAMWORK, DIVERSITY,**

START YOUR CAREER WITH US

Become a Toyota forklift or skid steer loader mechanic with a Toyota apprenticeship!

Beginning an Australian apprenticeship is a smart decision. Toyota Material Handling Australia (TMHA) offer opportunities for eligible applicants of working age to train, study and earn an income while being employed by an industry leader.

An Australian apprentice can be a student or school leaver, a person re-entering the workforce or an adult worker simply wishing to change careers.

Australian apprenticeships are 'competency based' which means Australian apprentices can complete their training sooner if they get the required skills more quickly than usual.

Normally an Australian apprenticeship can take four years to complete. Course credits may be granted for any skills they might already have as well as prior experience in the workplace, potentially reducing their formal training time.

TMHA'S NATIONAL APPRENTICESHIP PROGRAMME

TMHA are looking for reliable, enthusiastic team players to join our forklift and skid steer loader technician apprenticeship programme. No experience necessary – just the desire to learn and commitment to achieve great results!

These full-time apprenticeships offer outstanding facilities and an industry-leading working environment at our TMHA workshops.

Excellent remuneration, conditions and career advancement opportunities await the successful applicants. Some of the benefits of working at TMHA include:

- 🚗 Uniform supplied and laundered
- 🚗 Extensive factory product training
- 🚗 Industry-leading working environment
- 🚗 Four year apprenticeship
- 🚗 Technical training at TAFE
- 🚗 Compete and win great prizes in TMHA's national technical skills contest.

FORKLIFT AND SKID STEER LOADER MECHANICS INNOVATION AND DEDICATION TO BEST PRACTICES.

ALREADY AN EXPERIENCED AUTOMOTIVE MECHANIC?

If you're already a fully qualified automotive technician, we invite you to consider working at TMHA. Excellent remuneration and opportunities are available for qualified and experienced mechanics/technicians to work in our field service and workshop teams who are committed to providing outstanding customer service.

TMHA's fully equipped workshops and new fleet of mobile field service units provide our service technicians with the latest equipment to ensure a safe work environment and competitive edge.

GROW YOUR CAREER WITH US

After a change? Looking for a new opportunity to utilise your automotive mechanic skills? Apply for a forklift or skid steer loader technician position at TMHA and take advantage of these great benefits on offer:

- 🚗 Fully-equipped service vehicle with fuel card and toll pass*
- 🚗 Toyota induction training programme
- 🚗 Fortnightly incentive programme
- 🚗 Uniform supplied and laundered
- 🚗 Extensive factory product training
- 🚗 National technical skills contest
- 🚗 National web based E-Learning system
- 🚗 Industry-leading working environment
- 🚗 State-of-the-art workshop facilities
- 🚗 Industry-leading parts supply and inventory
- 🚗 Toyota Service Advantage.

**For field service mechanics/technicians only*

A HOST OF OTHER GREAT BENEFITS

Within TMHA's National Technical Support Network we provide real-time support to mechanics/technicians onsite with a customer or working within one of our specialty workshops.

Through an easily accessible web based PORTAL our library of technical resources are available; including service repair manuals, parts manuals, service bulletins to assist with preventative maintenance and diagnosing a technical fault with direct access to our National technical advisors for a solution, and when required factory support is at hand to further ensure a quick resolution.

Plus by using genuine parts from Toyota's global manufacturing facilities and maintaining a service rate of 99%, you will have the right part at the time when you need it. Benefits include:

- 🚗 Industry-leading parts availability
- 🚗 Fast delivery options
- 🚗 Fast parts replenishment.

Our commitment to parts backup and support is evidenced through our National Parts Distribution Centre, located at Moorebank in Sydney, NSW. At over 36,000 square metres, this state-of-the-art facility was opened in 2007.

 **TOYOTA**
MATERIAL HANDLING

TRUST IN AUSTRALIA'S LEADING FORKLIFT SUPPLIER

For over 50 years Toyota has been at the forefront of the global materials handling market. The world's largest forklift supplier, Toyota Material Handling has been a pioneer in forklift technology and a world leader in making forklifts more productive, safer and cost-effective.

FORKLIFT SERVICE STAFF AND FACILITIES

We take the service business seriously. With extensive experience and expertise across all makes and models of forklifts, our factory trained technicians work from a fleet of over 260 fully equipped service vehicles nationally, which are backed by our purpose-built service facilities.

Our number one priority is customer satisfaction, and with over 40 years of service support experience in Australia, we have over 21,500 units under service, managed by one of the finest forklift service specialist teams.
